Class Teacher's Comment		Ternamdoo is such a sweet girl. At the beginning of the term, she used to sit quietly but became more lively and happier when she started walking. I know I will see more of her activeness by next term.			
Recomendation		I recommend that she should be provided with educative materials such as videos, shapes, colour rings, number and alphabet puzzles to aid her learning.			
Head Teacher's Comment		If the recommendations made by the class teacher are implemented, I believe Ternamdoo will become an active participant in learning next term.
